## Remembering Marilyn Vierra

Long-time Tulare-Kings Right to Life (TKRL) Board Member and Volunteer, Marilyn Vierra, passed away on December 18<sup>th</sup>.

For many years, Marilyn led TKRL fundraising efforts at St. Brigids in Hanford and got many people involved in the pro-life cause. She was strong, bold and unwavering in her faith and the defense of the unborn.

We owe a great debt to her and are grateful for her tireless service and example. No doubt, she has heard the words: "well done my good and faithful servant." Marilyn is deeply missed and will never be forgotten.

# The Fate of Roe v. Wade Hangs in the Balance

This was the focus of our full-page ad in the Visalia, Tulare, Hanford, Porterville and Dinuba newspapers in observance of this year's Sanctity of Human Life Sunday. This ad was sponsored by the following Tulare and Kings County Churches and Organizations who partnered with TKRL in extending this message to our communities.

## Roe v. Wade in Danger?

### Supreme Court takes on latest challenge to historic 1973 Roe v. Wade decision.

On December 1st, 2021, the Supreme Court took on the abortion case *Dobbs v. Jackson Women's Health Organization* concerning the constitutionality of a Mississippi state law banning abortions after the fifteenth week of pregnancy. The court heard two hours of oral arguments for and against the Mississippi law, and the Justices are due to announce their final decision this summer. If this law is upheld, that would overrule Supreme Court precedent established by *Roe*, which prevents states from restricting abortion before 23 weeks of pregnancy, when the baby can survive outside the womb.

Though proliferators around the country are hopeful, they continue fighting to make abortion not merely illegal, but unthinkable. Monica Snyder, who majored in chemical biology at Berkeley and serves as Executive Director of Secular Pro-life, says: "You don't have to be religious to have a problem with killing humans."

"We know that if *Roe v. Wade* is reviewed and reconsidered, and policy making is returned back to elected officials who are held accountable at the ballot box, that you will see more lives saved because the American people are largely pro-life... and they want to have a more direct say in what's going on in their state." - Allison Centofante, National pro life leader, strategist

# A local Pro-Life Victory!

In early February, Tulare-Kings Right to Life was notified of proposed plans for the expansion of Planned Parenthood on Mooney Blvd in Visalia. Immediately, a plan of action was put into place and a campaign was launched. Pressure was put on the Visalia City Council as well as the Orosco group (owner of the property). Through emails, phone calls, text messages, letters, social media posts, prayer rally's and peaceful protests, TKRL together with dedicated and determined pro-lifers, were able to stop Planned Parenthood!

Although this battle was won, we know that this is just the beginning of a war. Planned Parenthood will not give up. We must continue to pray and stand strong in the defense of life!

**THANK YOU to all who are praying and fighting with us!**

## Father Frank Pavone at the Visalia Fox Theatre

On February 3<sup>rd</sup>, Fr. Frank Pavone, Director of Priests for Life urged Californians to prepare for the overturning of *Roe v. Wade*; not only would California remain a pro-abortion state but also we would begin to see an influx of women from other states seeking abortion. Consequently, this is not the time to sit down and rest. As pro-lifers we must engage in the fight like never before! Let us be a model for our community and state of real help and hope! Thank you to all who joined us for this special event.
